

THE WORLDWIDE
NETWORK OF
CARGOWISE
EXPERTS

Success Through Expert Collaboration

CargoWise One is the worldwide leading integrated management platform for all supply chain processes in the logistics industries and for freight forwarders.

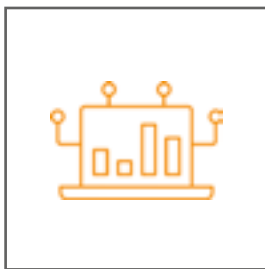

In 2018, the CargoWise service partner companies AKQUINET and OrangeLime founded the „Connection for Worldwide Supply Chain“ (C4W Supply Chain)“. Within this network we bundle our know-how and grown experiences in IT, supply chain management and the management platform CargoWise One.

The personal network amongst the members of the alliance exists for years already. We all share the strong belief in the combination of CargoWise as the best platform for worldwide supply chain processes and our accumulated experience and passion for the industry as well as technical or processual solutions.

Our goal is to provide **the best possible service** to our client to enable them to provide the best possible service to their customers.
